

#3

Week Commencing: 20.9.21

My favourite activity at school is wandering around the classrooms and being able to see our pupils engaging in such a wide variety of creative learning opportunities. I love walking in to a classroom and a pupil jumping up to tell me what they are doing with excitement and enthusiasm! I love walking in to a classroom and being invited to join in the session! I love walking in to a classroom and having staff eager and proudly informing me of an achievement from the pupil in their care just before I arrived!

As I have walked around this week, I have been particularly proud of how well our pupils are settling in to their new groups and this is very much a testament to the hard work of staff in the summer term, preparing pupils for transition. I am also incredibly proud of our new pupils, some of whom have come from other settings, and others are having their first experience of school. We hope it is a positive start to their learning journeys with us and look forward to welcoming them and their families in to our Oak View family. - Tina Kearney, Head Teacher

Topics

Topics allow our creative teachers to provide the most engaging and exciting learning opportunities for our pupils and support their individual Learning Pathways.

Topics this half term:

Lower School: All about me.

Middle School: ID

Upper School: What do I like to do with my friends?

Appeal

Thank you to those who have donated scooters to the school. We have also had donated by families recently a Little Tikes slide and a corner sensory bubble tube set.

We always make use of donations made to the school that are in a good condition. Thanks once again for your ongoing support.

Birthdays Coming Up : Felix (Blue), Cyrus (Yellow)

Enjoy your special day, have fun!
