Week Commencing: 14.11.22

This week saw us celebrating STEM day. Classes took part in a variety of science and design activities. Some of the classes have also been learning about Remembrance day and today the whole school took part in a minute of quiet to reflect. This week also saw another successful meet and greet workshop between parents and our Speech Therapists, Zoe and Emma as well as a successful training session held for some of the drivers and escorts from 24x7 transport where we explored positive ways to support our pupils during their journeys. Have a good weekend. - Tina—Head Teacher
